OBJECTIVE

Aspiring Full-Stack Developer with practical experience in building responsive and secure web applications using the MERN stack. Proficient in JavaScript, REST APIs, Git, and modern UI frameworks like React and Tailwind CSS. Familiar with deploying applications on platforms like Vercel and Render. Comfortable working with Agile practices and collaborative development. Eager to contribute to real-world projects, grow in a team environment, and solve meaningful user problems through clean, maintainable code.

PROJECTS

Movie Reservation System

MERN Stack

Designed a booking platform with seat selection and movie schedules using REST APIs. Developed secure backend and responsive UI with state management.

Personal Portfolio Website

React.js, Node.js, Express, MongoDB, JWT

Built a full-stack portfolio CMS with admin login, protected routes, and form handling. Includes real-time updates, resume upload to Cloudinary, and contact form with email integration using Resend API.

Contact Management System

Node.js, Express, MongoDB

Developed a RESTful backend with CRUD operations, search, and filtering. Implemented token-based auth and modular routing.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication
- **Databases:** MongoDB, Mongoose, (Learning SQL)
- **Tools:** Git, GitHub, Postman, VS Code, Render, Vercel
- **Concepts:** API Design, CRUD, CORS, Authentication, Deployment

EDUCATION

Bachelor of Computer Applications (BCA)

2022 – 2025

University of Rajasthan, Jaipur

Aggregate: 64.6% (as of 2025)

CERTIFICATIONS

MERN Stack Developer Training

March 2025
